CUT COPY DJS Foxtel Festival Hub

Across four iconic and internationally acclaimed albums, **Cut Copy** have changed the very face of Australian dance music. Serving up a power-packed blend of shimmering synths, anthemic vocals and psychedelic flair, their stellar sound will channel wide-eyed euphoria and dancefloor carnage in equal measure for one night only at this year's Foxtel Festival Hub.

As DJs, **Dan Whitford** and **Tim Hoey** are second to none. What started as a solo project in Dan's home studio more than a decade ago has evolved to see the duo perform over 1000 global headline tour dates with their explosive, hypnotic and impeccably curated sets from the very best house music the world has to offer.

Paying homage to Melbourne's thriving dance music scene, the Grammy-nominated band curated a 19-track peek into the city's most promising and prolific talent in 2014 with the release of '*Oceans Apart*' featuring Knightlife, No Zu, Andras & Oscar and more.

They are currently on a massive tour of the US & Canada that will see them feature at the likes of MoMA's PS1 annual Warm Up summer concert series and Mamby Beach Festival. The tour comes hot on the heels of the release of a new mixtape '*A Forest Through the Trees*' featuring tracks from Jamie xx, Four Tet, the Chemical Brothers, Talking Heads and more.

Melbourne can expect to feel the nostalgic pulse of tomorrow's electronica as we welcome these DJ giants home this October.
